Dear Mr. ^{Bob}~~Duprey~~:

Thank you for your correspondence regarding the proposal to nominate Wasatch Chemical Pond (Salt Lake City) and Richardson Flat Tailings (Summit County) to the National Priority List (NPL) for the February 1986 update. Based upon our review of the data submitted in support of the scoring packages, we find that the technical data do support the scoring, and thus the listing, of these sites.

Please keep us apprised of the status of the nomination and the listing so that we may keep our own staff members and other interested parties informed.

Sincerely,

Kenneth L. Alkema, Director
Division of Environmental Health

cc: L. Pickerell, Superfund Program Manager
